Quick rigging onto
keder profiles!

**KEDO[®] &
KEDY[®]**

Our keder hooks are the key to quick rigging on almost all types of keder profiles. While Kedys are ideal for hanging cables, curtains, festoon belts and other decoration in a temporary setup, Kedos can be used for fixed installations by attaching a ring.

KEY FEATURES

Easy grip

Clever and simple shape that allows a single step, one-handed installation.

Stay in place

Anti-slip knobs ensure the hooks remain in place when mounted onto the keder rails.

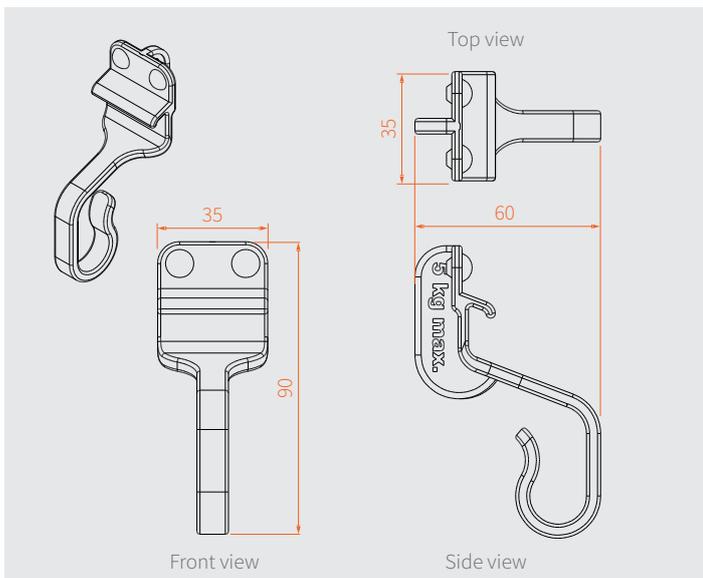

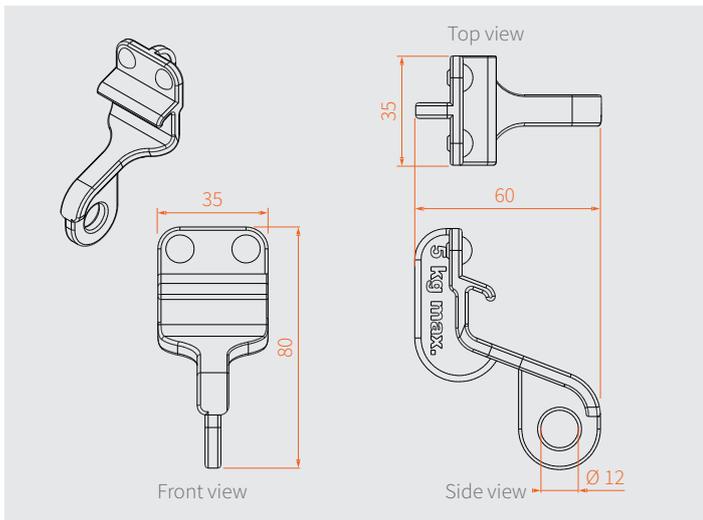

Efficient design

Kedy and Kedo are designed to use the weight of the items hung to keep the hooks firmly pressed against the profiles.
